Part-time, on-site Web Developer opportunity in Rockville, Maryland, USA:

Marstudio, Inc., is a fast-growing company with a laid back and fun atmosphere, with a staff that knows when to buckle down when it's required. Due to our continued growth we are seeking a part-time web developer! Located in Rockville Town Square, Maryland, Marstudio is a Graphic Design Agency and Creative Marketing Firm under one roof, with a wide range of clients and exciting projects. The company is looking for a motivated, front-end developer with 3-5 years of experience, with the following skill set.

Must be knowledgeable in:

- WordPress
- HTML5
- CSS3
- jQuery
- JavaScript
- PHP
- MySQL
- Adobe Creative Suite

To join our team, you'll need experience with custom theme development in WordPress. Familiarity with one or two other content management systems is a plus. You'll also be interested in learning how to build responsive sites for tablet and mobile. And of course, you'll LOVE to code.

Other duties include collaborating with our talented design team to execute client web solutions; taking PSD mockups and building static and dynamic sites from the ground up using clean, organized code that adheres to the latest standards and validation; and building sites that are cross-browser compatible with the most popular browsers including Firefox, Edge (ability to troubleshoot older browsers is a plus), Safari, Chrome, and common mobile browsers.

Our dream-coder would be able to slice up layered PSD's in his or her sleep, troubleshoot a troubling plugin, and juggle multiple projects at once without breaking too much of a sweat.

You're a motivated self-starter and know how to lay on the throttle when the job needs to get done. You're not a designer, but Papyrus makes you sad, and you're really into flat design lately. Last but not least, you have a sense of humor.

What we offer:

- Web projects from a plethora of industries (Arts, Food & Beverage, Hospitality, Medical, etc.)
- The latest in software and hardware.
- Code autonomy - if you have a specialty and you think it's best for the job, use it.
- Metro accessible from the Red Line.
- Very short walking distance from restaurants, Starbucks, shops...did we say Starbucks?!

If interested, please submit a cover letter and resume to careers@marstudio.com.
